ANNOUNCEMENT

After nine years of collaboration, Pearson has decided to end its contract with Best In Continuing Education (BCED) for the delivery of the London Chamber of Commerce and Industry (LCCI) international qualifications in Greece.

Candidates will not be able to sit examinations for this qualifications with BCED after the end of May 2017. Candidates who have already received their certificate in this qualification from BCED are not affected and their qualification remains completely valid. For the May 2017 candidates only, BCED will guide them through and accommodate any request they may have regarding Results, Appeals, Certificates Distribution, Marking and Detail Corrections until the end of September 2017 in order to serve Pearson's high quality standards established throughout its presence in the Greek market.

Both companies are fully dedicated to supporting the needs of learners who may be affected by this decision and Pearson is actively exploring all options for those students hoping to take examinations in the near future. Candidates who had planned to take examinations in summer 2017 and beyond as well as May 2017 test takers who wish to resit are requested to contact pqs.internationalenquiries@pearson.com for more information about how Pearson can support them in completing their qualification.
